October 2009

Dear Local 13000 Communication Workers,

Thank you for your kind donation and your personal support to my campaign. My journey as State Representative started in January 2007. It has been your contributions, your dedicated time to my campaign, and your loyal support that has given me the privilege to continue serving the 77th district as your Representative.

Your contributions enable me to continue my work for our community, the surrounding communities and the great state of Pennsylvania. My wish is to continue to serve as your legislator, and make Pennsylvania a Commonwealth for the people and about the people.

Thank you again for your encouragement and generous support.

Warm Regards,

Scott Conklin
