

# VIRTUAL EVENT

# BROADBAND FOR ALL, GOOD JOBS, AND A BETTER FUTURE

Communications Workers of America (CWA) union members are working hard to make sure all Americans have access to reliable, affordable broadband built by a well-trained, well-compensated workforce.

The federal Infrastructure Investment and Jobs Act's Broadband Equity, Access, and Deployment (BEAD) Program provides a once in a generation opportunity to ensure that everyone has access to high-speed broadband. We must work to ensure that this critical funding goes towards lasting infrastructure and good jobs. That means prioritizing projects that use reliable, environmentally sustainable, future-proof fiber optic technology, and ensuring that the work be done by well-trained, directly employed workers who receive quality wages and benefits.

Join us for an event to learn about CWA's effort to work with allies to build state-level coalitions to support high quality fiber-optic broadband networks!

## RSVP FEB 22 AT 4PM ET
